

## Research Contribution Award

**Sandra Jesuza**

*Department of Virology, University of Chicago, Chicago, United States; E-mail: Sandrajesh@gmail.com*

The award to the experts who have made outstanding contributions to advancing in Genetics Engineering and Molecular Biology Plant Biotechnology, Animal Biotechnology and more. It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the relative field in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online.

### Professional level

The Award for professional or academic research activity acquired in Genetics and Molecular Biology research field in the public or private sector for experts having research knowledge at 10+ years in the field of Genetics and Molecular Biology, Plant Biotechnology, Animal Biotechnology and more with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award through online.

### Scholar level

The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Genetics Engineering and Molecular Biology, Plant Biotechnology, Animal Biotechnology and more. Our conference would like to provide best platform to expand your network by sharing your research knowledge and innovative ideas and meet the eminent people at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving of the award through online.

### Women scientist

Our Conference provides a unique platform for women scientists and researchers for presenting latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries to who have 10+ years of research experience to join the forum. We are happy to encourage our women scientist's

participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online. Viruses contain protein and these properties are often utilized in production of varied proteins like vaccine antigens and antibodies.

### Outstanding speaker in biotechnology

This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Genetics Engineering and Molecular Biology, Plant Biotechnology, Animal Biotechnology and more. You can nominate deserving of the award through online.

### Best keynote speaker in biotechnology

This award is recognizes for best Keynote speaker who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Genetics Engineering and Molecular Biology, Plant Biotechnology, Animal Biotechnology and more. If you were confirmed as keynote presenter from the program manager, you can nominate someone deserving of the award through online.

### Best poster presentation in biotechnology

Student Poster Competition is organized at our Conference, to encourage students and recent graduate's students to present their original research. All accepted abstracts will be presented at the poster sessions during the conference. Biotechnology 2020 aims at setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference. You can nominate someone deserving of the award through online.
