It is a great honour to welcome you and participate in the pharmaceutical and novel drug delivery conference.

Let us have a great meet in the wonderful city of San Francisco, USA. We are elated to welcome all the interested and passionate participants across the planet to its esteemed International Pharmaceutics conference which is going to be held during Jan 21-22, 2021 at Chicago, USA culminating the theme, "Bringing Together Leading surgeons, Pharmaceuticals and Researchers To Stake level-headed Insights." Pharmaceutics 2021 is a two-day conference concentrating on Interactive Tracks & Sub-Tracks focus attention on Pharmaceutics and Novel drug delivery systems transformation and new trends on Pharmaceutics, keynote lectures from Senior Scientists and industry experts, panel discussions, poster competitions and Young Researcher colloquium. The conference program will feature well-known and thought instigating speakers to interactive discussion Tracks

Pharmaceutics and Novel drug delivery systems conferences provide the perfect global platform for encouraging and advertise the latest individual, as well as group transformations, and step forward in Field of Pharmaceutics and its allied areas. In today's age of extravagant technology, and scientific brilliance, conventional meetings and council by any society makes no sense as it just makes the whole purpose of the meetings purposeless; limiting the sharing of knowledge, developments, and contradicting the opportunity
