Re. Indexing of the Journal of Genetic Syndromes & Gene Therapy (JGSGT)

To Whom It May Concern:

It has come to my attention that the Journal of Genetic Syndromes & Gene Therapy (JGSGT) is now heading towards indexing in PubMed. I am a member of the Editorial Board.

The editorial board members and journal staff have worked very hard for the journal to establish its high professional standing and there by we recommend this journal to be indexed in PubMed.

A handwritten signature in blue ink, appearing to read 'Tom Lufkin', is positioned above the typed name.
